Permit # \_\_\_\_\_

## Chimney Certification

I hereby certify the following to be true:

I, \_\_\_\_\_, have inspected the chimney located at

\_\_\_\_\_ and have found it to be operable and free and clear of any obstructions. The chimney is constructed: \_\_\_\_\_ with \_\_\_\_\_ without a flue liner.

## Flue Liner Certification

I also certify that, if applicable, the flue liner conforms with *USBC Section M1801.1.1 equipment changes* which reads: Upon the replacement of new installation of any fuel burning appliances or equipment in existing buildings, an inspection or inspections shall be conducted to ensure that the connected vent or chimney systems comply with the following: 1) vent for chimney systems are sized in accordance with this code 2) vent or chimney systems are clean, free of any obstruction or blockages, defects or deterioration and are in operable condition.

Where not inspected by the local building department, persons performing such changes or installations shall certify to the building official that the requirements of Items 1 and 2 of this section are met.
