## Model Plan Modification Request

I, \_\_\_\_\_, representing \_\_\_\_\_, request a modification as allowed for under §106.3 of the 2015 Uniform Statewide Building Code (USBC) that a building permit be issued at the following address \_\_\_\_\_ under the provisions and requirements in the 2015 USBC using our model \_\_\_\_\_ plans that were previously reviewed and approved under the 2012 USBC.

By this request, I agree that the construction in its entirety will comply with all provisions of the 2015 Uniform Statewide Building Code and its referenced codes and standards. I further acknowledge that should any oversight occur during construction that results in non-compliance with the 2015 USBC, meeting the minimum provisions of the 2012 USBC and use of 2012 USBC Model Plans will not be considered as a basis for a modification request to allow for such non-compliance. I also acknowledge that this request will only be considered for the issuance of a permit on already approved 2012 USBC plans and will not be considered for the submission and review of new model plans designed under the 2012 USBC plans on or after 9/4/19.

By submitting this request, I relieve the City of Virginia Beach and its employees from any liability arising from this request, and I accept all responsibility and liability that may arise from such request.
